

Survey name:

Migration and Corruption in Kenya

Q1 Please read the information sheet below. (Description)

Title of Study: Migration and Corruption in Kenya

Names of researchers: Dr Barry Maydom (Birkbeck College, University of London), Dr John Maara (University of Nairobi)

This survey is being conducted as part of a research study investigating the relationship between migration and corruption in Kenya. The study is led by the researchers named above and has received ethical approval from Birkbeck College, University of London.

The analysis of the aggregate data provided by survey respondents will be published in academic journals and books. We will not collect any identifiable data from you. The anonymous survey data will be made available to other researchers through the Birkbeck Data Repository.

You may withdraw from the survey at any time until the survey is completed.

For more information about the study, you can contact Dr Barry Maydom through the contact details available on the Birkbeck College website.

For information about Birkbeck's data protection policies, please visit the Birkbeck College website. If you have concerns about this study, please contact the Ethics Officer of Birkbeck's School of Social Sciences, History and Philosophy. You also have the right to submit a complaint to the UK Information Commissioner's Office.

By answering the questions in this survey, you agree that:

- You have been informed about the nature and purposes of this study and give your consent to voluntarily participate in it.
- You understand that your participation is completely voluntary and that you may withdraw from the survey at any time.
- Your anonymized survey responses will be used for academic purposes and stored in Birkbeck College's digital repository.
